

# ADVAN NEOVA AD09

**BORN ON THE TRACK**

- **OUTSTANDING DRY GRIP**
- **PRECISION HANDLING**
- **CONSISTENT PERFORMANCE**
- **IMPROVED WET GRIP**

## RACE-BORN, STREET-READY

When the road or track calls for an extreme performance summer tire, the ADVAN Neova AD09 answers with world-class technology that delivers fistfuls of grip for unprecedented and consistent performance. The ADVAN Neova AD09 features an improved casing, compound and tread pattern to deliver the ultra-high performance on the street and at the track. Take control with the ultimate street sport tire from Yokohama.

**WET  
INSIDE**

**DRY  
OUTSIDE**

**NEW TREAD PATTERN**  
Large, continuous tread blocks put more rubber compound to the road and track surface for solid grip.

**ALL-NEW CASING CONSTRUCTION**  
A high turn-up ply results in the strongest and most rigid casing we have ever offered.

**SOLID CENTER RIB**  
Provides constant contact with the road surface for lightning fast steering response.

**CHAMFERED GROOVES**  
Improve wear resistance and maintain pattern effectiveness throughout the life of the tire.

**ALL-NEW COMPOUND**  
Optimized high silica compound provides improved grip for wet cornering and braking on the road and on the track.
