AVID Ascend LX™

EXCEPTIONAL MILEAGE AND GRIP

The AVID Ascend LX is exactly what your touring tire customers are looking for. With exceptional all-season traction backed by an impressive 130,000 kilometers Limited Treadwear Warranty, the AVID Ascend LX is without a doubt the most complete touring tire available today.

WIDE CIRCUMFERENTIAL GROOVES & LATERAL GROOVES
Four wide circumferential grooves provide reliable wet braking while lateral grooves help evacuate water and improve hydroplaning resistance.

WAVY 3D SIPES & NOTCHES
Wavy 3D sipes on the shoulders and notches in the intermediate ribs provide many effective edges for excellent grip on any type of roads.

MULTI-PITCH DESIGN
An offset tread design staggered in a five-block sequence helps reduce pattern and road noise for a comfortable, smooth ride.

OPTIMIZED CONTACT AREA
A wider, flatter contour provides a large footprint that evenly distributes pressure to combat uneven wear and improve tread life.

NEW L-2 COMPOUND
Advanced L-2 Compound features a unique polymer blend that delivers outstanding wear resistance.

UTQG: 800-A-A | 800-A-B
